

INSTAGRID LINK MAX

Combines the power of
three Instagrid ONE
units to create a
400 V, 3-phase output

Combined with 3 compatible Instagrid ONEs, Instagrid LINK MAX is the world's most portable 400 V power solution

Nominal output power of 11 kW and an output voltage of 400 V

Provides peak power of up to 54 kW to start highly demanding equipment effortlessly

Simple plug and play experience – Set up your 400 V, 3-phase solution quicker and easier than ever

Output - 16amp 3-phase

Instant reliable power, zero compromises. Run demanding devices without additional noise or exhaust fumes throughout the whole working day

Applications include chain hoist systems for truss roof & PA towers, motorised trailer stages, robotic camera arms and SFX

Dimensions 391mm x 320mm x 140mm

Weight 5.1kg
